BEFORE & AFTER TESTIMONIALS

A Revolutionary Beauty System

I work outdoors and try to surf daily. My skin has taken a back seat between the sun and saltwater. In addition, my work can be challenging in dealing with clients and vendors. I was excited to participate in this trial study. I enjoy the music and guided journeys.

At times, it is so relaxing that I feel like I am in another place and have been so relaxed that I have fallen asleep during the sessions, which I welcome since I do not have good sleep patterns. I feel very calm and have a general sense of wellbeing not to mention my skin is looking good, in fact, I was told it looks great. —Kim
